## Objective

Hi, I'm a Product designer with a strong foundation in banking and financial services. After years of helping customers navigate complex financial products, I discovered passion for simplifying experiences and creating intuitive digital solutions.

## Education

- **Tai Solarin University of Education** 2021  
Guidance and Counselling/Social Studies  
Second class Upper
- **Tech Studio Academy** 2025  
Product design UI/UX Immersive

## Skills

- Wireframing
- Prototyping
- User Research
- Visual design

## Projects

- **Photography Website**

Potential websites are often the first point of contact between photographers and potential clients. A strong online presence can build trust, showcase creative work and influence bookings decisions.
